A lender's title insurance policy protects the lender, not the buyer/borrower. Some buyer/borrowers are under the mistaken impression that since they have to pay for the lender's title insurance policy it will cover them as an owner if there is a title issue. That is not accurate. The lender's policy protects the Lender ONLY.

I / We do hereby acknowledge receipt of the attached title insurance brochure and are aware that Owner's Title Insurance will be issued as part of this transaction:
